

### STATEMENT OF SUBSTANCE OF INTERVIEW

Applicant appreciates Examiner Whipple's participation in a telephonic conference of October 15, 2008. Applicant wishes to thank Examiner Whipple for his time and consideration.

During the interview, the claimed subject matter of the application and the Reiche and Alegre references were discussed. In particular, Applicant presented arguments along the lines of those set forth below in the section entitled "Claim Rejections 35 U.S.C. §103". Specifically, Applicant presented arguments how the Reiche and Alegre references do not disclose, teach, or suggest features, such as associating the login information with a user profile information.

Also discussed during the interview were proposed amendments to the claims. In the interest of expediting prosecution of the application, and without conceding the propriety of the rejection, Applicant proposes to amend the independent claims to further clarify features of Applicant's claimed subject matter.

Applicant understands that Examiner Whipple tentatively agrees the proposed amendments are headed in the right direction to overcome the outstanding rejections based on the Reiche and Alegre references. Examiner Whipple indicates more clarifying language for the proposed claim amendments would be needed, and requests that the proposed amendments be presented in writing. Applicant submits the amendments in writing in this Response to the Office Action.

Accordingly, Applicant amends the independent claims herein, as discussed during the interview. Applicant submits that all of the pending claims are in condition for allowance.
